ABOUT ME

I am a Computer Science graduate with over 15 years of experience in web and mobile development, digital marketing, and graphic design. I specialize in building responsive, user-friendly applications and creating custom backend solutions. I am highly adaptable, eager to learn, and thrive in collaborative environments. My goal is to contribute to innovative projects while continuously expanding my technical skills.

WORK EXPERIENCE

Espiknow Ltd

Executive level | AI & App Developer
Lagos, Nigeria
2022-06-01 | Currently working here

Designed and developed Nigeria's first AI-powered application tailored for SMEs. Integrated advanced features such as text-to-image generation, text-to-speech, and image-to-video conversion. Created a responsive, cross-device compatible interface with strong focus on user experience. Built and maintained backend logic, APIs, and databases for smooth app performance. Collaborated with stakeholders to gather requirements, translate them into technical solutions, and deliver innovative features on schedule. Ensured security, scalability, and efficiency of deployed applications while documenting and debugging system functions.
